ST. LOUIS, MO.

1902.

## INDEX TO VOLUME XIX.

### ORIGINAL ARTICLES.

	PAGE.
<b>Amblyopia, toxic</b> .....	139
<b>Angioma, cavernous</b> .....	108
<b>Astigmatism, transient</b> .....	201
<b>Argyrol, remarks on</b> .....	289
<b>Bleaching or distinct pallor of the temporal segment of the optic papilla</b> .....	145
<b>Clinical reports</b> .....	225
<b>Dislocation of the lens into the vitreous. Is it ever justifiable?</b> .....	161
<b>Economic damage from accidental injuries to the eyes</b> .....	240
<b>Epithelioma of the ocular conjunctiva, a case of</b> .....	353
<b>Glasses, misuse of</b> .....	129
<b>Gumma, a separate, of caruncle and ocular conjunctiva</b> .....	78
<b>Heterophoria and resulting reflex neuroses</b> .....	75
<b>Heterophoria and the indications it gives for treatment</b> .....	323
<b>Implantation of a wire ball within the orbit</b> .....	157
<b>Intracocular epithelial new formations</b> .....	97
<b>Iridectomy in glaucoma, the indications for</b> .....	65
<b>Iridectomy in acute glaucoma, the manner of making</b> .....	114
<b>Landry's disease, a case with involvement of the eye muscles</b> .....	113
<b>Membrane, thin fixed, springing from retina into vitreous</b> .....	321
<b>Muscle advancement, technique of</b> .....	38
<b>Ocular affections secondary to syphilis</b> .....	230
<b>Orbital tumors, two congenital</b> .....	358
<b>Post-operative accidents in successful cataract extractions</b> .....	1
<b>Radioscopy, a case illustrating the value of</b> .....	332
<b>Refraction, its difficulties and how to overcome them</b> .....	193
<b>Retinitis albuminurica of pregnancy</b> .....	292
<b>Retroflexion of the iris, traumatic</b> .....	4
<b>Sclero-keratitis and its treatment</b> .....	373
<b>Section and exsection of the rectus muscle</b> .....	259
<b>Sympathetic ophthalmia, a case of, cure of both eyes</b> .....	175
<b>Tenotomies, partial and graduated, our present knowledge of</b> ..	257
<b>Visual tests for children</b> .....	33

## TRANSLATIONS.

Mobility of the pupil in severe optic neuritis, by J. Hirschberg.	9
Muscle advancement, the technique of, by E. Landolt.....	33
Notes concerning the history of the invention of the ophthalmoscope, by R. Greef.....	14
The prevention of the blennorrhœa of the newly born by means of Credé's method .....	334, 361

## CORRESPONDENCE.

Helmholtz and Ophthalmoscopy .....	46
Was Helmholtz the original discoverer of ophthalmoscopy?....	85
Helmholtz and the ophthalmoscope .....	158
Letter from Dr. G. E. de Schweinitz .....	301

## SOCIETIES.

American Medical Association, Section on Ophthalmology....	
212, 248, 279, 307, 344	
American Ophthalmological Society.....	218
British Medical Association, Section on Ophthalmology	53, 302, 373
Ophthalmic Society of the United Kingdom.....	
19, 90, 117, 182, 251, 277, 365, 367	
Western Ophthalmic and Oto-Laryngologic Association.....	
51, 97, 116, 129, 161, 193, 225, 257	

## ABSTRACTS.

## BY DR. W. A. SHOEMAKER.

<b>Adrenalin .....</b>	256
<b>Adrenalin, dangers of.....</b>	23
<b>Anisometropia.....</b>	28
<b>Atrophy of optic nerve and strychnia.....</b>	222
<b>Brown-Sequard injections in optic atrophy.....</b>	150
<b>Cataract operation in the aged.....</b>	61
<b>Chancroid of the eyelid .....</b>	116
<b>Congenital condition simulating choked disk.....</b>	27
<b>Congenital lens dislocation.....</b>	189
<b>Corneal complications in conjunctivitis .....</b>	221
<b>Crossed eyes in children.....</b>	188
<b>Cystadenoma of lacrymal caruncle .....</b>	21
<b>Descemetitis a symptom.....</b>	29
<b>Desirability of further data on ophthalmia neonatorum .....</b>	61

Diabetes and eye .....	187
Diphtheria of conjunctiva treated with antitoxin .....	258
Empyema of antrum, ptosis and diplopia .....	318
Endothelioma of lacrymal gland .....	30
Epicanthus .....	22
Epilepsy due to eye-strain .....	317
Eye defects causing mental deficiency .....	127
Frost bites of cornea .....	62
Fundi of animals' eyes .....	159
Gangrene of lids .....	61
Glycosuric affections of eye .....	185
Gold ball for artificial eye .....	316
Gunpowder stains .....	318
Haab magnet .....	126
Hygienic and prophylactic treatment of myopia .....	315
Identification of criminals through eye .....	95
Idiopathic detachment of retina .....	62
Importation, wholesale, of trachoma .....	316
Infantile ophthalmia .....	220
Influence of accommodation on curvature of cornea .....	63
Insertion of rabbit's eye in capsule of Tenon .....	317
Iridectomy for glaucoma .....	286
Iridectomy in glaucoma .....	26
Malarial iritis .....	124
Microscopical examination of conjunctival discharge .....	286
Molluscum contagiosum .....	255
Monocular nystagmus .....	350
Nitrate of silver in the new-born eye .....	352
Open wound treatment, modified .....	24
Ophthalmic army work .....	95
Optic neuritis in brain disease .....	288
Orbital phlegmone and sympathetic ophthalmia .....	188
Osteoma of orbital plate of frontal bone .....	25
Origin of visual impulse .....	318
Phlyctenular conjunctivitis .....	160
Plea for early treatment of squint .....	223
Present position of ophthalmic art .....	27
Progressive myopia .....	125
Protargol in eye diseases .....	120
Pterygium, modern treatment .....	352
Resection of cervical ganglion .....	211

Spontaneous cure of senile cataract.....	221
Squint, cosmetic and visual results.....	31
Suprarenal gland in eye work.....	276
Suprarenal gland, therapeutic effect .....	287
Tuberculosis of eye.....	121
Unreliability of ophthalmometer and shadow test.....	189
X-Ray diagnosis of foreign bodies in eye.....	94
